Dear Mary,
I'd like to voice my support for the proposed installation of the rather appropriately playful Rock Paper Scissors sculpture on the grounds by the Westport Public Library.
The library has been a place for making, reading, writing and playing for my family for 20 years. It will surely make an impactful first impression as patrons approach or others are just strolling by. Let's share it with the Westport community in such a well trodden location.

Thank you,
Jennifer Fridland
